WithSecure's Corporate Governance Statement 2022

Corporate Governance at WithSecure

WithSecure's corporate governance practices are based on applicable Finnish laws, the rules of Helsinki Stock Exchange (Nasdaq Helsinki Oy) and the regulations and guidelines of Finnish Financial Supervisory Authority as well as the company's Articles of Association. This statement has been prepared in accordance with the Finnish Corporate Governance Code 2020 (publicly available at <http://cgfinland.fi/en/>) issued by the Securities Market Association of Finland.

Up-to-date information about WithSecure's governance is available on the company's website at <https://www.withsecure.com/en/about-us/investor-relations>.

Governing bodies

WithSecure's highest decision-making body is the General Meeting of Shareholders which elects the members of the Board of Directors. The Board of Directors is responsible for the administration of WithSecure and appropriate organization of its operations. The Board of Directors appoints the CEO. The CEO, assisted by the Global Leadership Team, is responsible for managing the company's business and implementing its strategic and operational targets.

General Meeting of Shareholders

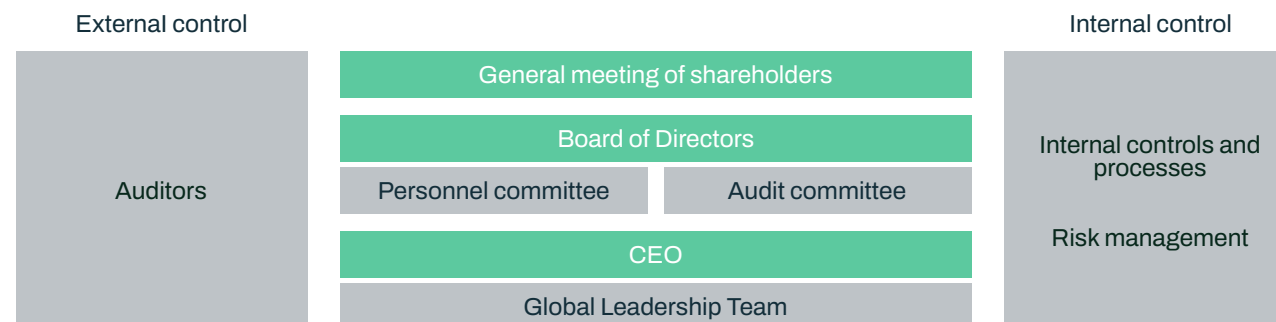

Under the Limited Liability Companies Act, shareholders exercise their decision-making power at the General Meeting.

The General Meeting is normally held once a year as an Annual General Meeting (AGM). The AGM decides on matters stipulated by the Articles of Association and the Limited Liability Companies Act, including:

- adoption of the Financial Statements
- distribution of profit for the year
- discharging the members of the Board of Directors and the CEO from liability
- election of members of the Board and the decision on the remuneration of the Board members
- approval of the Remuneration Policy and the Remuneration Report
- election of the auditor and the decision on the auditor's remuneration, and
- other proposals submitted to General Meeting

Each share carries one vote in the General Meeting.

A shareholder may propose items to be included on the agenda provided they are within the authority of the meeting, and the Board of Directors has received the request in advance in accordance with the set schedule. The invitation to the AGM is published as a stock exchange release and is made available on the company's website.

2022:

The AGM was held on 16 March 2022 at the company's headquarters in Helsinki.

In addition, an Extraordinary General Meeting (EGM) was held on 31 May 2022 to decide on the partial demerger and the separation of WithSecure's consumer security business.

The meetings were held based on the so-called temporary act so that shareholders participated in the meeting and exercised their shareholder rights only by voting in advance and by submitting counterproposals and asking questions in advance.

The resolutions and the meeting minutes of the AGM and EGM are available on WithSecure's website.

be made unanimously, the decision will be made by voting and with single majority. If the votes are even, the Chair's vote is decisive.

In accordance with WithSecure's Articles of Association, the Board of Directors comprises three to seven members, who are elected at the Annual General Meeting for a period of office that extends to the subsequent AGM. The Board of Directors represents all shareholders.

Diversity is an essential part of WithSecure's success. According to Diversity Principles established by the Board of Directors, an optimal mix of diverse backgrounds, expertise and experience strengthens the Board's performance and promotes creation of long-term shareholder value. The Diversity Principles of the Board of Directors aim to strive towards appropriately balanced gender distribution. Both genders are represented in the Board of Directors.

To create openness, one member of the Board of Directors is elected from among WithSecure's personnel. An election is arranged annually for WithSecure personnel and each permanent WithSecure employee is eligible to stand as a candidate. The Personnel Committee interviews three persons who have obtained the highest number of votes in the elections, and chooses a candidate from amongst them to be proposed for election as a member of the Board by the Annual General Meeting. Tony Smith was appointed to the Board of Directors through this process in 2022.

The majority of Board members are independent from the company and from its major shareholders. For a detailed description of the members of the Board of Directors and their shareholdings see the end of this statement.

2022:

In 2022 the Board of Directors convened 22 times, Audit Committee 6 times and Personnel Committee 6 times.

Board of Directors

The Board of Directors is responsible for the administration of WithSecure and appropriate organization of its operations. The Board's operations, responsibilities and duties are based on the Finnish Companies Act and other applicable legislation and are supplemented by the Board Charter. These cover the following main areas:

- approving the strategy of WithSecure, overseeing its operations and annual budgets
- appointing and dismissing the CEO
- approving any major investments, acquisitions, changes in corporate structure or other matters that are significant or far-reaching
- ensuring that the supervision of the company's accounting and financial management is duly organized
- ensuring that internal control and risk management systems are in place
- approving personnel policies and rewards systems
- preparing matters to be handled at the General Meeting

The Board of Directors meets as frequently as necessary and according to the Board Charter at least five times during its term. The Board of Directors has quorum when more than half of the members are present. An annual self-assessment is carried out by the Board to evaluate its operations. The Board of Directors primarily strives at unanimous decisions. If a decision cannot

Board Committees

In 2022, the Board established two committees: Audit Committee and Personnel Committee (nomination and remuneration matters). The Board of Directors appoints from among itself the members and the Chair of the committee. Each committee must have at least three members. The Board of Directors confirms the main duties and operating principles of each committee. The duties of each committee are defined in the committee charters which are available on WithSecure's website at <https://www.withsecure.com/en/about-us/investor-relations>.

Audit Committee

The Audit Committee reviews, instructs and evaluates risk management, internal supervision systems, IT strategy and practices, financial reporting as well as auditing of the accounts and internal auditing. The Audit Committee is neither a decision-making nor an executive body. Audit Committee also prepares a proposal for the election of auditor to the Board of Directors and regularly considers the need for a separate internal audit function. Members of the Audit Committee must have broad business knowledge, as well as sufficient expertise and experience with respect to the committee's area of

responsibility and the mandatory tasks relating to auditing. The majority of members of the Audit Committee shall be independent from WithSecure and at least one member shall be independent of the company's significant shareholders. A person who participates in the day-to-day management of WithSecure group companies (for example as the managing director) cannot be appointed to the Audit Committee. The Board elects the chair and secretary of the Audit Committee. The Audit Committee calls in experts to its meetings if they are necessary for the matters to be discussed. All members of the Board of Directors may, at their discretion, attend Audit Committee meetings. Materials of the Audit Committee meetings are made available for all members of the Board of Directors.

The Audit Committee convenes at least four times a year as notified by the Chair of the Committee. Members of the Audit Committee are listed in the table above.

Personnel Committee

The Personnel Committee prepares material and instructs with issues related to the composition and compensation of the Board of Directors and remuneration of the other members of the top management of the company. The Committee

assists in the preparation of Board proposals to the shareholders related to these matters, as governed by the Finnish Companies Act. Personnel Committee is neither a decision-making nor an executive body. Personnel Committee calls in experts to its meetings when necessary for the issues to be discussed. Materials of Personnel Committee meetings are made available for all members of the Board of Directors.

The Personnel Committee convenes at least two times a year as notified by the Chair of the Committee. Members of the Personnel Committee are listed in the table above.

President and CEO

The Board of Directors appoints and may dismiss the CEO and decides upon the CEO's remuneration and other benefits in accordance with the Remuneration Policy. The CEO is responsible for the day-to-day management of the company. The CEO's main duties include:

- managing the business according to the instructions issued by the Board of Directors
- presenting the matters to be handled in the Board of Directors' meetings
- implementing the decisions made by the Board of Directors
- other duties determined in the Limited Liability Companies Act

2022:

Juhani Hintikka has been WithSecure's President and CEO since 1 November 2020.

The biographical details of the CEO including the shareholdings are specified later in this report. The remuneration of the CEO is specified in WithSecure's Remuneration Policy and Report.

Global Leadership Team

The Global Leadership Team supports the CEO in the daily operative management of the company.

2022:

Current information on the WithSecure Global Leadership Team can be found on our website: <https://www.withsecure.com/en/about-us/investor-relations>.

For descriptions of all members of the Global Leadership Team during 2022 and their roles, respective membership periods and shareholdings, see the end of this statement.

Internal control and risk management

Risk Management

Risk management and internal control processes at WithSecure seek to ensure that risks related to the business operations of the company are properly identified, evaluated, monitored and reported in compliance with the applicable regulations.

WithSecure's Board of Directors defines the principles of risk management and internal controls which are followed within the company. The Audit Committee assists the Board in the supervision of WithSecure's risk management function. The CEO is accountable for ensuring that the risk management principles are implemented and applied constantly and consistently across the organization.

The primary goal of WithSecure's risk management principles is to empower the organization to identify and manage risks more effectively. The potential negative impact and probability of different situations arising from our business operations on the company, its customers, or its partners are monitored as part of the risk management process. Another objective of the risk management is to constantly monitor and pro-actively control the impact and/or probability of situations derived from our business operations which may have a negative impact on WithSecure, its customers, or its partners. Proactive monitoring, risk simulation and stress testing also allows building strategic resilience in the company and its business operations. Risk management may also be utilized to identify opportunities for benefit.

WithSecure promotes continuous risk evaluation by the company's personnel. The relevant operational risks identified through the risk management process are regularly reviewed by the CEO and Global Leadership Team and the company's statutory auditor. Risk Management is an integrated part of WithSecure's governance and management, and the risk management process is aligned with the ISO-31000 standard. The Audit Committee regularly conducts a review of top operational risks and evaluates the effectiveness of the risk management system.

Internal Control

Internal Control, supported by Risk Management, is an important element of WithSecure's management system. The Board of Directors is responsible for ensuring that the operating principles for internal control have been defined, and that the company monitors the functioning of internal control.

WithSecure has defined its objectives for internal control based on the globally applied principles. Internal control consists of e.g. policies, processes, procedures as well as control and monitoring activities. Internal Control is

designed to provide reasonable assurance regarding the achievement of WithSecure's objectives in following categories:

- Effectiveness, efficiency and transparency of operations on all levels in accordance with the WithSecure strategy;
- Reporting, including financial and non-financial, external and internal, to the Board, management, shareholders and stakeholders being complete, reliable, relevant and timely;
- Compliance with applicable laws, regulations and WithSecure policies and instructions.

WithSecure's Internal Control Operating Principles define the roles, design and practices of internal control. The principles provide guidance on how internal control is implemented at different levels, systems and amongst employees and outsourced functions. Internal control over financial reporting consists of risk identification and assessment, processes and internal control points and internal control monitoring and reporting.

Internal audit

Audit Committee considers the need for and appropriateness of a separate Internal Audit function on a regular basis. To date, the Audit Committee has concluded that, due to the size, organizational structure and largely centrally controlled financial management of the company, a separate Internal Audit function is not necessary.

In the absence of an Internal Audit function, attention is paid to periodical review of the written guidelines and policies concerning accounting, reporting, documentation, authorization, risk management, internal control and other relevant matters in all departments. Related controls are also tested annually. The guidelines and policies are coordinated by the company's finance department with active involvement by the legal department.

The absence of a separate Internal Audit function is considered when defining the scope of the company's external audit. Where necessary, the Internal Audit services will be purchased from an external service provider.

To facilitate transparency and exchange of information on Internal Audit related matters, the financial management team has frequent meetings with the auditors. The Audit Committee also meets regularly with the auditors.

WithSecure provides an effective, objective, confidential and secure Whistleblowing Channel which allows both WithSecure employees and other stakeholders to express their concerns or suspicions openly and safely.

WithSecure Whistleblowing Channel was launched to all stakeholders during 2022, following its internal launch at the end of 2021. The Whistleblowing Channel is available to all stakeholders 24/7. It is maintained by impartial and independent service provider to ensure objective and timely handling of reports.

Related party transactions

The Audit Committee defines the principles for monitoring and assessing WithSecure's related party transactions. The definition of the related parties is based on IAS 24 standard. WithSecure collects information about its related parties on regular basis. The Board of Directors decides on related party transactions that are not conducted in the ordinary course of business of the company or are not implemented under arm's-length terms. Related party transactions are disclosed as part of financial statements according to the applicable legislation.

Insider management

WithSecure complies with the applicable legislation, including EU Market Abuse Regulation (MAR), the regulations of the Finnish Financial Supervisory Authority as well as Nasdaq Helsinki's Guidelines for Insiders. WithSecure has established its own insider policy to complement the regulation and guidelines above.

WithSecure maintains a list of all persons who have regular access to company's financial data. Due to the sensitive nature of financial information, persons having access to financial information before publication of an interim financial report or a year-end report shall be subject to a thirty (30) day trading restriction prior to publication of such report.

In addition, WithSecure maintains a project-specific insider list of any projects and events which, if realized, would be likely to have a significant effect on the value of WithSecure's shares or other financial instruments, and which have been subject to delaying of disclosure in accordance with MAR.

WithSecure has decided not to include any persons as permanent insiders. All persons with inside information regarding a project will be included in the project specific insider list.

Persons discharging managerial responsibilities comprise the Board of Directors, the CEO and other members of the Global Leadership Team. These persons have a duty to notify WithSecure and the Finnish Financial Supervisory Authority of every transaction in their own account relating to Financial Instruments of WithSecure within three business days. The company publishes these notifications as a stock exchange release, as specified by MAR. All

releases published on managers' transactions are available on the company's website.

Auditors

The auditor is elected by the Annual General Meeting for a term of service ending at the close of the next Annual General Meeting. The auditor is responsible for auditing the consolidated and parent company financial statements and accounting. The auditor reports to the Board of Directors or the Audit Committee at least once a year.

2022:

WithSecure has been audited by PricewaterhouseCoopers with Janne Rajalahti, Authorized Public Accountant, as the responsible auditor.

WithSecure paid the auditor EUR 130,000 in audit fees (2021: EUR 150,000), and EUR 2,302,000 (2021: EUR 347,000) for non-audit services.

Changes in Leadership Team composition after period-end

On January 1, 2022, WithSecure (then F-Secure) changed its management structure and combined its Managed Detection and Response unit and Cyber Security Consulting unit under one Solutions unit, led by Tim Orchard as EVP, Solutions. Consequently, Edward Parsons (EVP, Cyber Security Consulting) ceased being a member of the Global Leadership Team.

On 30 June 2022, following the demerger of Consumer security business into a separate company F-Secure, Timo Laaksonen became the CEO of F-Secure and ceased being a member of the WithSecure Global Leadership Team.

In October 2022, WithSecure decided on a new operating model for the company. As part of the new model, sales teams were combined into one unified Customer Operations organization, led by Juha Kivikoski. Research and development teams were combined into one unified product organization, led by Antti Koskela. Chief Information Security Officer (CISO) became part of the leadership team, former CTO Christine Bejerasco assumed the role of CISO. Tim Orchard assumed the role of CTO, and the role of EVP, Solutions became vacant. In addition, Cloud Protection for Salesforce became an independent unit, reporting directly to the President & CEO. All changes became applicable on 1 January 2023.

On 1 December 2022, Scott Reininga joined WithSecure as the new EVP, Solutions.
