## Advance votes

When filling out advance votes, please take into account the following:

- Votes cast using the form concern the resolutions proposed to the General Meeting, which are included in the notice convening the General Meeting and are available on the Company's website at <https://www.withsecure.com/en/about-us/investor-relations/governance>.
- If more than one alternative is marked for an item or an item is marked with text or markings other than an (x), the shareholder's shares will not be taken into account as shares represented at the meeting for the item in question.
- If no alternative is marked for an item, the shareholder's shares will not be taken into account as shares represented at the meeting for the item in question.
- If the 'Abstain' alternative is chosen for an item, the votes will be taken into account as shares represented at the meeting for the item in question, which will affect the result of voting for resolutions requiring a qualified majority (items 18 and 19) and, thus, have an effect on whether the required qualified majority is reached.
- A shareholder cannot make counterproposals to any items on the agenda using this advance voting form. This being the case, a shareholder can only vote in favour of or choose the 'Abstain' alternative for items 12, 13, 15 and 17 of the agenda, where opposing the proposed resolution would require making a counterproposal.
